

PHILLIPS COLLECTION

Larry and Sherry Phillips turned a passion for collecting ancient art from around the world into a business full of innovation, creativity, and cutting-edge global style. Eventually their son, Mark, and his wife, Julie, joined the team with a passion for curating unique, hand-crafted pieces that challenge conventional design norms. Phillips Collection has been creating unique, eco-friendly pieces with sustainability and avant-garde design at the heart of the business.

With a variety of collections and pieces available, the process remains the same- to seek out the 'perfectly imperfect' and transform the discarded elements found in nature into pieces that captivate and inspire. Their mission is focused on blending quality, sustainability, and artistic expression to ensure that their pieces make a bold statement and spark a conversation. Phillips Collection believes it's not just about following trends- it's about creating them.

Today, Phillips Collection has locations in High Point, Las Vegas, Dallas, Irvine, and Laguna. They continue to travel the globe in search of elements that are unusual and beautiful to create furniture, wall decor, sculptures, accessories, and lighting.
